David,

I saw Det Supt Dave (?) Williams and Des Stephenson yesterday and I have provisionally fixed a pre-inquest hearing for 14 August subject to room availability but felt that we needed some target date to look at.

Whilst they had the summary file with them it was their only copy and they asked if I could get the copy from you. If not they will supply another. Please let me know and if there is any hope of getting it to me failing which I am sitting in Portsmouth (Disability) on 29 May and I could pick it up then.

Subject to confirmation I would then propose sending out the notification of PIH for which I think I should have a bit of your letterhead

Then light blue touchpaper and retire!

Andrew
