Dear Sirs

David

Our Client: Mrs Gladys Mabel Richards (Deceased) - Inquest

Thank you for your letter dated 13 March 2013. We do of course take on board the Coroner's points concerning the scope of the enquiry.

We would like, however, to ask for your further assistance in relation to the two versions of the medical record starting 14.08.98.

We acknowledge the thrust of the Coroner's view that it should be for the medical experts to examine the records rather than to spend undue time questioning factual witnesses about these. In accordance with the Coroner's expectations, our instructions to Professor Ferner have been shown to the Coroner. He has so far only been provided with the lengthened page headed 14.08.98 with number "30" at the base rather than the shortened page headed 14.08.98, Police Exhibit AF/1/C/23. We would therefore like to show the two versions of this page to Professor Ferner and ask him:-

- (a) Is this issue of any significance. If so, what; and
- (b) Does his review of the two different versions of the page affect his view in any way.

Please can the Coroner confirm that he would be happy for us to put those two questions to Professor Ferner and show Professor Ferner each version of the page.

We look forward to hearing from you.

Yours faithfully

Blake L
