Hello Karen

I wonder if you can help or if not point me in the right direction? I am trying to trace Flight Lieutenant Nursing Officer Michael Edmondson who was the Nursing Officer in Ward E3 at Haslar Hospital in 1998.

The reason being is that HM Coroner has listed that he will be required to attend as a witness in to the death of the above named lady who died in the Gosport War Memorial Hospital on 21/08/1998.

This Inquest is listed to commence on the 3rd December 2012 and is anticipated to last two weeks. Fl Lt Edmondson will not be required to attend the whole two weeks, he will only be required to attend Day 2 and 3 (4th and 5th December)

Are you the right person to tell me where he is and where to send his summons to, or if not, who would be ??

Sorry to land this on you

Kind Regards

Lisa JOHN
