Dear Sister

Code A

DoB

Code A

Code A sustained a right fractured neck of femur on 30th July 1998 in Glen Heathers Nursing Home. She was admitted to E6 ward and had a right cemented hemi-arthroplasty and she is now fully weight bearing, walking with the aid of two nurses and a zimmer frame.

ST MEDICAL HISTORY:

Deaf in both ears
Cataract operations to both eyes.
Six month history of falls.
Alzheimers - worse over last six months.
Hysterectomy 1955.

No diagnosis in 10 yrs medical records.

ALLERGIES:

Penicillin V

DRUGS:

Haloperidol suspension 1mg bd
Lactulose 10 - 15mls bd
Co-codamol 2 pm.

Code A needs total care with washing and dressing, eating and drinking, although her daughters are extremely devoted and like to feed in and feed her at mealtimes (although I feel they could do with a rest). Code A has a soft diet and enjoys a cup of tea.

CONTINENCE:

Code A is continent, when she become fidgety and agitated it means she wants the toilet. Occasionally incontinent at night, but usually wakes. Bowels opened on 9th August 1998.

COGNITION:

Occasionally says recognisable words, but not very often.

SKIN:

Is healed, clean and dry.

WOUND AREAS:

All intact, bottom slightly red, but not broken.

Thank you for taking Code A's and I hope she settles in well.

Yours sincerely

Code A

Curran
