DOCUMENT RECORD PRINT

The Hampshire Police have undertaken an investigation into the circumstances of the death of Mrs Gladys RICHARDS on the 21st August 1998 at Gosport War Memorial Hospital. The investigation centres around an allegation that Mrs **RICHARDS** was unlawfully killed as a result of a course of treatment that was embarked upon between the 17th and 21st of August, whilst admitted to this hospital. We are seeking to interview those members of the nursing staff who had a duty of care to Mrs RICHARDS during that time and who, in some cases, may have provided her with direct medicine care or treatment in order that an account can be obtained to the particular circumstances and issues that existed between those dates. I emphasise that this is a search for fact and your account and answers will be carefully assessed in the light of information arising from other interviews with staff and general correspondence. As a result of this interview and several others, further guidance will be sought from professional bodies and ultimately the Crown Prosecution Service on how we should proceed. Your solicitor has been provided with relevant material prior to this interview commencing. I must emphasise that you are not under arrest and you are free to

leave at any time. Your right to legal advice with Mr GRAHAM in private, extends throughout the period you are at the Police Station, so that basically means any time during the interview you want to have a chat with Mr GRAHAM, then we'll stop the interview. We will leave and obviously you can discuss whatever point you want to discuss.

The next bit is the caution. You do not have to say anything, but it may harm your defence if you do not mention when questioned something which you later rely on in court. Anything you do say may be given in evidence. Okay, do you understand the Caution?

COUCHMAN DC Code A

Okay and just one more point I'd like to make about this, because it's quite harshly worded or it may seem harshly worded, myself and Paul here are just get an account of what's happened on those few days, what people's roles are, what the set up to the hospital is and you know, we'll look through the notes on the way through and you can explain various bits that are relevant that you can explain. We're not here to make any judgements and certainly we're not in any position to make any judgements. Any decision that's taken regarding this will be made with full

I do.

DOCUMENT RECORD PRINT

consultation with someone who's an expert in this sort of area, who's got a medical background and is medically qualified, so it's not going to be taken by some hard nosed copper somewhere who hasn't got a clue how these things work. Okay, what I'd like to do to start the ball rolling is if you could go over your role within the hospital and your qualifications and experience.

COUCHMAN I work on Daedulus Ward and I'm an E grade Staff Nurse, which means mostly I take charge of the ward. Um, what else do you want to know?

Um, your experience, how long ...

Oh yeah, oh well I trained the seventies and I worked at the Royal Hospital, Portsmouth until it closed, where I had general experience in surgical, medical, children's nursing, private nursing, orthopaedic nursing. When the Royal Mem. . um when the Royal closed, then I moved to QA and I worked on the orthopaedic wards. Then I left QA and for two years I worked with autistic adolescents and quite enjoyed that. That was very near where I live in Alverstoke. Er . . I then left Anglesey Lodge and moved to Gosport War Memorial, I worked on the Children's Ward originally, where we did minor operations on children,

DOCUMENT RECORD PRINT

ENT and Orthopaedic.

When the NHS closed the Children's Ward then I moved to the ward I'm on at present. We have eight stroke rehab beds and sixteen continuing care beds, which is where I was working when Mrs RICHARDS ... came..

DC Code A Okay, how long have you been on Daedulus Ward?

COUCHMAN And I've been on Daedulus Ward um. . twelve years I think it is.

- DC Code A Okay. So can you sort of describe the continuing care and what sort of patients you tend to get in to the
- COUCHMAN In continuing care we have basically . . we have patients very frail, elderly patients, with multiple medical problems, normally problems like Parkinsons and Alzheimer's, um Multiple Sclerosis, old. . um patients that have had many strokes um patients that are highly dependant normally needing two nurses probably to have a wash and get up and mostly we have to feed our patients. . .

Right. . yeah. .

COUCHMAN	mealtimes, and they are fed.
DC Code A	So they tend to be very dependant on
COUCHMAN	They are highly dependent patients mostly.
DC Code A	Okay, alright. Thank you for that. Um I mean
	if we can move on to Mrs RICHARDS

COUCHMAN

DC Code A

COUCHMAN

Yeah.

your memories of . . her?

My memories of Mrs RICHARDS was that I was her main nurse, but I wasn't actually on the ward when she was admitted She was admitted under my name by a D grade nurse, who worked with me. I was on leave. When I came back from leave was the day Mrs RICHARDS came . . was re-admitted from Haslar, so that morning we worked as normal. I went for my coffee break about 11 o'clock and as I came back, Mrs RICHARDS had been admitted, so I was met by um two health care support workers, who had acutally not assisted her into bed, but was actually there when she was put on the bed. One of them, support worker, Linda BOLDECINOS, came to tell me that she was quite worried really because this patient had been transferred on a sheet, where she should have been on the canvas on a tall base. .

... which is the whole crux of this, what are

Right.

... and she wasn't happy with the way she was lying. Also she felt the patient was in pain. So I went into the room and introduced myself to the sisters and the patient, I pulled back the covers and had a look and found she wasn't

DOCUMENT RECORD PRINT

lying properly. One sister said, because I was on my own at the time, told me she was a nursing officer - an ex nursing officer - and offered to assist me. I accepted this explanation of a nursing officer and she did help me put her mother in the correct position and she did seem more comfortable. Then I remember lunch came and this sister was trying to . . . daughter I should say, was trying to feed her mother and her mother couldn't take the food, so I did ask one. . another health care support worker to go and mince the food, which she did. She took it to the kitchen, had it minced, bought it back and she carried on attempting to feed her Mum.

Somewhat later, we heard her Mum in pain and distress again and um I went into the room and had a look at the patient and she appeared to be in pain, she was crying out in distress and I spoke to the daughters as is normal. We . . on our ward we try to involve the relatives as much as possible in the patient's care. . .

Mmmm.

... and I said to her daughter, um I'd like to give your Mum something to relieve the pain, is it okay if I do it and she said yes please. So I went to find the Manager, Mr BEAD and said this patient, Mrs RICHARDS, is in pain, um I'd

COUCHMAN

DC Code A

DOCUMENT RECORD PRINT

like to give her some Oromorph, which is a liquid, which is morphine based. We gave her a very small dose er, two qualified staff check these drugs, so nobody ever gives them on their own, so they are in a locked cupboard within a locked cupboard, so we went in and measured the drug, checked that we had the right amount left. We have a book, I expect you've seen it, a CD book...

Er. . . .

Right.

COUCHMAN ... where we enter these drugs.

... yes I think I've got a copy here actually...

... and in the book we put the patient's name, the date, the dosage um and then we check the amount that's left that we're going to replace in the cupboard and we both sign and we also sign a treatment card - prescription card..

DC Code A

COUCHMAN

DC Code A

DC Code A

COUCHMAN

... with again, the date, the name of the person, the amount of the drug and we sign that when the patient's taken it, 'cos sometimes they may not want to have it when we've actually drawn it up. Er so we gave this um Moromol to the patient and she did appear more comfortable and at half past one that day I went off duty.

Do you want to put the notes. . . .

Yes sure, yeah, yeah. . .

Sorry, I've changed. . . .

	DC Code A	If there's anything at all you want to refer to
	COUCHMAN	I've changed the times of my um
	DC Code A	Obviously, yeah, this is a duty rota
	COUCHMAN	Yeah.
	DC Code A	Yeah, anything you want to refer to to
	COUCHMAN	Yeah.
	DC Code A	refresh your memory just er
	COUCHMAN	Sorry, half past three I went off duty.
1.27	DC Code A	Okay. So that was on the
	COUCHMAN	That was on the
	DC Code A	On that, on that er
	COUCHMAN	17^{th} .
	DC Code A	On the day of the 17 th you said that Mrs
		RICHARDS was in an awkward position
	COUCHMAN	Mmmm.
	DC Code A	Can you describe the position that she was in.
	COUCHMAN	Yes, she wasn't lying flat on the bed, she was .
		. one leg was curled
	DC Code A	Yeah
	COUCHMAN	um, bent
	DC Code A	Right.
	COUCHMAN	
		and really she was supposed to have a nillow the position was abduction the she had
		pillow - her position was abduction, she should
		have had a pillow between both legs, so that
		she's lying with her legs stretched out and the
		pillow between.
	DC Code A	Right.
	COUCHMAN	to keep the hip in the right position.
	117040

DOCUMENT RECORD PRINT

DC Code A	Right and whose responsibility would it have
	been on the transfer er whose responsibility to
	put her to bed initially?
COUCHMAN	Whoever's on the ward.
DC Code A	Would it have been I mean could it have
	been the
COUCHMAN	There were two trained staff on the ward that
	morning
DC Code A	Yeah.
COUCHMAN	I was on my coffee break, so I wasn't on the
	ward. The other trained staff was giving an
	enema or suppositories, something like that and
	so she would be gowned and gloved and
	doing what she had to do
DC Code A	Mmm not really in a position to
COUCHMAN	Not in a position to oversee the transfer of the
	patient.
DC Code A	Yeah, but would it be, I mean er, I mean
	obviously we want and you weren't there
COUCHMAN	No.
DC Code A	but I think we all agree that she didn't come
	in on a stretcher, she came in on
COUCHMAN	She came in on a sheet.
DC Code A	Yeah, can you describe what that means.
COUCHMAN	Which means that it's not taut, therefore as
	she's been as the poles have been moved
	over um her body would stretch the sheet
DC Code A	I take it this sheet business is some form of

W14 OP ROCHESTER -CURRENT FROM TRAIN 140409 HZ042

L1212

Printed on: 30 June, 2009 15:56 Page 10 of 38

DOCUMENT RECORD PRINT

stretcher.

COUCHMAN	It's a stretcher. It's a canvas which goes on a
	stretcher is a um an oblong piece of material
	which is taut material
DC Code A	Yeah.
COUCHMAN	both poles go - there's room both sides for
	the poles to go down
DC Code A	Yeah.
COUCHMAN	Okay, so four or two people, two strong people
	could hold the stretcher, both ends
DC Code A	Yeah
COUCHMAN	and the patient would be lying on a taut
	surface.
DC Code A	So in that
COUCHMAN	For a dislocated hip, this is what is required.
DC Code A	Yeah so in these circumstances then, if er for
	arguments sake, I know you wasn't there
COUCHMAN	No.
DC Code A	two ambulance crew, two of the
COUCHMAN	I wasn't there, but
DC Code A	transport crew from Haslar to Daedulus
	Ward
COUCHMAN	Yeah
DC Code A	I take it they wouldn't hang around in the ward
COUCHMAN	I have to say, can I say they had expressed to
	Haslar that they didn't wish to bring the patient
	without a canvas.
DC Code A	Yeah, but I take its the case they are not going

COUCHMAN

DC Code A

Yeah, so that more than likely in the hospital, the transfer crew would have put her into the

Mmm.

bed?

Yeah.

Yeah.

Yeah.

It was.

Just in relation to her positioning; it's been described by another colleague that she was sort of in like a figure 4, her legs.

Yes, I could describe it as that, I did say one leg was bent . .

Yeah...

... so that could look like a ...

. . tucked under the other and looked a bit like a figure 4.

Yeah it could have been like it.

Can we just go over the next few days, what your memories are and then obviously we'll go into the specific bits and pieces and obviously we've got the notes here for that, but in relation to any more dealings you had with Mrs RICHARDS, er anything significant that you

Therefore we bent over backwards to try and prevent a complaint, which we would do anyway and not that they had, not that the patient had any different treatment, she didn't, but we wanted to make sure there were no complaints.

 DC Code A
 So it would be fair to say you sort of conscious

 that er . . .

We were conscious that this could occur.

That something could come up from it.

Yes.

Okay and other than the complaint that you were aware was being made, was there any other reason that led you to feel that. . . was anything else said or . . .

In hindsight yes... yes.

Okay, can you tell me what . . .

Well, one support worker became quite friendly with one daughter. She did her astrology charts. . her astrology chart and her sister's, um chatting to them in a friendly way. One sister

who rang her many many times . .

DC Code A Can you remember which she was COUCHMAN Mrs MCKENZIE. First of all she was a lawyer, then she was a TV producer. She'd written books, this is what she told the support worker. Um she um expressed an interest in spiritual healing and all sorts of astrology and etc. Things in that vein and she instigated three members of staff, myself included, going to Chichester to a meeting, some medical technical society, which was full of doctors, psychiatrists, medical people. DC Code A Mmm. **COUCHMAN** The speaker was the President of the National

Federation of Spiritual Healers, he's a GP in West Sussex - very nice man. We quite enjoyed this, however when everybody introduced theirselves, as we did, at the beginning of this meeting, Mrs MCKENZIE introduced herself as a interested person, so we knew then that she wasn't a lawyer etc whatever, also, reading . . I'm diverting I know. . but reading the other sister's statement, I don't believe she was a nursing officer, I think she worked in nursing homes.

Right.

But, anyway, so we were at this meeting and she actually did um she was very derogatory

	about her Mother's death there in front of us,
	which is probably why she wanted us there and
	we did actually enjoy the meeting, we left and
	went home and that was it, you know.
DC Code A	
COUCHMAN	When you say derogatory, what did she say?
COOCHIMAN	Oh she said she was unhappy with the way her
	mother died and she didn't feel that the nursing
	care was adequate, etc.
DC Code A	Okay, who was actually what other
	members of staff?
COUCHMAN	Present?
DC Code A	Yeah went to the meeting.
COUCHMAN	Health Care Support Worker, Linday
	BOLDECINO and Health Care Support
	Worker, Jean MOSS and myself.
DC Code A	So three of you?
COUCHMAN	Three of us were there
DC Code A	Okay.
COUCHMAN	They also sent letters to various members of
	staff - this is Mrs MCKENZIE - and presents of
	books, books on healing, after life, after death
	experiences.
DC Code A	Okay, do you know who received those?
COUCHMAN	Um the Manager Philip BEAD, Support
	Worker, Linda BOLDECINO, one of the night
	staff, I think that was it, I'm not sure. She also
	presented us with her Mother's chair from the
	nursing home, a rather nice easy chair

DC Code A	For the ward?
COUCHMAN	For the ward, to thank us for looking after her
	Mother.
DC Code A	How long afterhow long after her Mother's
	death was that then?
COUCHMAN	Within the first month or two.
DC Code A	So six to eight weeks go by
COUCHMAN	Yeah.
DC Code A	and there's been no representation made by
	Mrs MCKENZIE to
COUCHMAN	I believe there was a complaint, I don't know
	the date of the complaint
DC Code A	But up until that day when the meeting that
	you went to, you weren't aware that Mrs
	MCKENZIE had any representations about her
	Mother's treatment at all?
COUCHMAN	No.
DC Code A	No?
COUCHMAN	No, in fact we were quite shocked to sit there
	and listen to the complaints at the meeting
DC Code A	Right.
COUCHMAN	therefore we just we didn't even say
	goodbye, obviously, we just got up and left at
	the end.
DC Code A	Right.
COUCHMAN	although we enjoyed the meeting itself.
MR GRAHAM	She orchestrated that meeting?
COUCHMAN	Yes she did.

DC Code A	I'm sorry Mr Graham?
MR GRAHAM	It would appear that she orchestrated that
	meeting to make a complaint in front of other
	people.
DC Code A	Oh right.
MR GRAHAM	That's the (inaudible) from what's been said.
COUCHMAN	Totally ignored her I must say.
DC Code A	If we can go back to on the ward then. We've
	got obviously the first day and what you
	remember of that, the fact she was moved, she
	obviously came back from Haslar and you're
	the main nurse.
COUCHMAN	Yeah.
DC Code A	What does actually that mean?
COUCHMAN	That means I am the patient's advocate. It's
	my duty to look after the patient and their
	relatives, to keep them informed of her
	progress, any medications that we give her. To
	include them in her treatment, particularly since
	this lady had Alzheimer's, but this is for every
	patient anyway.
DC Code A	On that point can you remember er Mrs
	RICHARDS' problems she had a the time
	when she came to the War Memorial? What
	was wrong with her?
COUCHMAN	Yes. She was deaf in both ears. She'd had a
	cataract operation on both eyes. She'd had a
	six month history of falls. She had

	Altzheimers, which had worsened over the last
	six months. She'd had a hysterectomy in 1955
	and then she'd fell at the nursing home, Glen
	Heathers, fractured her right neck of femur on
	the 30 th July '98, where she was subsequently
	admitted to E6 at Haslar for a right hemi
	arthraplasti.
DC Code A	Which is a hip replacement, is it?
COUCHMAN	Yeah, similar.
DC Code A	Okay.
DC Code A	On top of that are you aware of any other
	ailments that she had. I mean we've been made
	aware that she had Alzheimer's, were you
	aware?
COUCHMAN	I did say Alzheimer's.
DC Code A	Oh did you, sorry.
COUCHMAN	it worsened over the last six months.
DC Code A	Sorry, I meant Dimentia, or is that the same.
COUCHMAN	Well Dimentia and Alzheimer's are
DC Code A	One and the same are they?
COUCHMAN	very similar.
DC Code A	Right.
DC Code A	What sort of form did that take do you recall
	with Mrs RICHARDS? What how ?
COUCHMAN	The Dimentia?
DC Code A	Yeah, how did that affect her?
COUCHMAN	It affected her speech and her memory.
DC Code A	Okay, so

COUCHMAN	She did need she needed her daughters to
	look after her.
DC Code A	Yeah, was she able to talk or was it
COUCHMAN	Very little.
DC Code A	Very little.
COUCHMAN	She cried out frequently.
DC Code A	Right, okay and that was down to the Dimentia
	or the Alzheimer's.
COUCHMAN	Yes.
DC Code A	that she would cry out like that?
COUCHMAN	Yeah.
DC Code A	Okay. So was she a woman that was er you
	said that she needed her daughters constantly.
	Was she the sort of patient that needed constant
	and total care? Was there anything that Mrs
	RICHARDS could do for herself?
COUCHMAN	Nothing.
DC Code A	Nothing?
DC Code A	Right okay. Obviously we're looking from the
	17 th when Mrs RICHARDS came back in, but
	did you have any dealings with her on the first
	occasion that she came into the ward, which
	was from the 11 th .
COUCHMAN	On the first occasion she came in I was on
	leave.
DC Code A	So you
COUCHMAN	I met her on the 17 th .
DC Code A	You met her on the 17 th , oh right, okay. If we

.

COUCHMAN DC Code A	go over you've mentioned, I think you calledit the CDR, which is the Controlled DrugRegister?Yes.I've got a copy of it here and um highlighted isthe entries relating to Gladys RICHARDS. Ifyou'd just care to have a look through that for amoment and I believe there's some
	entries where obviously you've your
	signature is. Um I think it starts off on the 18 th .
COUCHMAN	Yeah.
DC Code A	Um can you confirm that that's your signature there?
COUCHMAN	That's me, yes.
DC Code A	Um and that's the time it's booked at is it,
	11.45
COUCHMAN	11.45, yeah.
DC Code A	I can't see another one there for you.
COUCHMAN	There, 10.45 on the 20^{th} .
DC Code A	Oh yes on the 20^{th} .
COUCHMAN	Mmmm.
DC Code A	And that's countersigned on each occasion?
COUCHMAN	Each occasion, yes.
DC Code A	On the 20^{th} it's
COUCHMAN	It's Joan LOCK. She, at the time she was a
	sister on Sultan Ward, she's since retired.
DC Code A	Oh right, okay.
COUCHMAN	And this is Philip BEAD, my manager.

	DC Code A	That's the 18 th , yeah.
	COUCHMAN	Mmm.
	DC Code A	And we go to the next page, sorry that one is
		for 30 milligrams Diamorphine injection, the
		one I've just showed you.
	COUCHMAN	We we, yes that was in a drug.
	DC Code A	And er, there's another there on the 20 th at
		10.45.
	COUCHMAN	That is also countersigned by Sister OLD.
	DC Code A	Now I think what we've learned from speaking
		to other people is the reason two, there's two
		entries is because you can't get 40 milligrams
		in one
	COUCHMAN	Oh yes. Because we'd use a phial of 30
		milligrams of Diamorphine and one of 10.
	DC Code A	One of 10?
	COUCHMAN	To make 40.
	DC Code A	To make 40?
	COUCHMAN	Rather than use 10 four 10s.
	DC Code A	Yeah, okay.
	COUCHMAN	Yeah.
	DC Code A	Right, um and then obviously this form says
		it's countersigned because it's a controlled
		drug.
	COUCHMAN	Quite.
	DC Code A	Um and that's your sort of running total down.
	COUCHMAN	That's our total which we keep in a locked

cupboard in a locked cupboard.

	r Foodaa
DC Code A	Oh right. Now I don't understand it. Can you
	remember when she was put on the syringe
	driver?
COUCHMAN	Um, I honestly didn't remember that day, but
	but, Philip the Manager said yes it was me and
	him that did it.
DC Code A	That actually
COUCHMAN	That actually
DC Code A	started the
COUCHMAN	initiated it.
DC Code A	initiated it.
COUCHMAN	However Philip had already spoke to the
	relatives and the Doctor.
DC Code A	Right.
COUCHMAN	Which is standard procedure.
DC Code A	Okay. There's just if we can go over that
	and just cover the procedure with that then, so
	who's decision would it be in order to
COUCHMAN	It would be everybody's decision.
DC Code A	Right.
COUCHMAN	the whole team.
DC Code A	The whole team would
COUCHMAN	Right, plus the relatives.
DC Code A	Right, so there'd be a consultation about it?
COUCHMAN	Yeah, yeah.
DC Code A	Were you present during that consultation or
	any discussions?

COUCHMAN	Not on the initial, the initial would be between.
	formal one would be between Doctor
	BARTON and the relatives.
DC Code A	Right okay.
COUCHMAN	Yeah, but however Philip would have said to
	me what he was going to do
DC Code A	Yeah.
COUCHMAN	. do you agree.
DC Code A	
De Coue A	Okay and obviously, I take it nursing staff
	would have to because obviously they are
COLICIDAN	going to do it.
COUCHMAN	We would agree if the patient was in distress
,	and pain.
DC Code A	Okay, so ultimately then who
COUCHMAN	Nobody is left in that condition.
DC Code A	whose decision is it to do it, I mean if.
COUCHMAN	It would be mine if it were me there
DC Code A	Yeah, yeah.
COUCHMAN	Okay? If I was there with Philip, he's the
	Manager, so it's the
DC Code A	Yeah.
COUCHMAN	it would be his, but I would make that
	decision if he weren't there.
DC Code A	What to actually put her on a syringe?
COUCHMAN	Yeah, to operate it, yeah.
DC Code A	Oh right, okay, so
COUCHMAN	I'm
DC Code A	No, no, I think you might be confusing, I think

this needs clarification . .

DC Code A	Let me, let me get this, let me get this right.
DC Code A	'Cos you can't, you can't authorise controlled
	drugs, can you?
COUCHMAN	Cause I can.
DC Code A	What the administration of them?
COUCHMAN	Yeah.
DC Code A	I'm.sorry, we didn't appreciate that, I didn't.
DC Code A	Right, if I tell you what I understand previously
COUCHMAN	Yeah.
DC Code A	because it's different to um what, what
	Basically as I understand it, Dr BARTON is a .
COUCHMAN	Dr BARsorry, Dr BARTON would have to
	write the actual
DC Code A	Prescription?
COUCHMAN	The actual amount and the actual prescription,
	sorry yeah
DC Code A	Right
COUCHMAN	This is what you mean, isn't it, sorry.
DC Code A	Yeah. So ultimately
COUCHMAN	I can't write it, no.
DC Code A	I mean I know you have to agree with it cos
	obviously
COUCHMAN	Yeah I don't have to agree with it
DC Code A	No right we'll cover that point
COUCHMAN	Yeah.

DC Code A	Let's just take one at a time. So Dr BARTON
	is the one who says well I'm going to prescribe
	this particular drug?
COUCHMAN	Yes.
DC Code A	er and this amount
COUCHMAN	Yes
DC Code A	And then there is a consultation
COUCHMAN	Yes
DC Code A	and basically I take it she'll listen to every.
COUCHMAN	Quite, yes.
DC Code A	Other peoples' views
COUCHMAN	Yes.
DC Code A	'Cos as I understand it, she comes in on a
	daily basis
COUCHMAN	She does.
DC Code A	Um and obviously she's going to listen to
	members of staff who are there permanently
COUCHMAN	Quite, yes.
DC Code A	who can see what is happening.
COUCHMAN	Yes, 24 hours.
DC Code A	Am I right in saying ultimately, the decision to
	prescribe controlled drugs falls on Dr
	BARTON as the GP?
COUCHMAN	She prescribes it, yes.
DC Code A	Yeah, okay.
COUCHMAN	She does she writes it.
DC Code A	And to clarify that, you're not in a position to
	say that lady's in pain

COUCHMAN	To clarify it
DC Code A	I'm going to give her 40 milligrams of
	Diamorphine off your own back.
COUCHMAN	Oh off my own back nono.
DC Code A	Right, okay.
COUCHMAN	I do beg your pardon.
MR GRAHAM	Just something else I want to clear up. Who's
	ultimate decision is it to put somebody on the
	syringe driver?
COUCHMAN	The team.
MR GRAHAM	You can't make it on your own?
COUCHMAN	The team. Everybody.
DC Code A	I know, but do you need a who's
COUCHMAN	I have said that though, didn't I? I said that.
MR GRAHAM	Yeah, but it was slightly confusing.
DC Code A	Can you, if you say Dr BARTON and Mr
	BEAD, your first line manager, weren't there,
	would you be able
COUCHMAN	If I were there on duty
DC Code A	Can I, oh can I just finish
COUCHMAN	Yeah.
DC Code A	If Dr BARTON and Philp BEAD weren't there
	· · · ·
COUCHMAN	Yeah.
DC Code A	are you qualified and authorised to make a
	decision on the ward to say I want that lady on
	a syringe driver?
COUCHMAN	Do you mean if Dr BARTON had already

written the . . .

DC Code A	No. No if that wasn't the
COUCHMAN	No, I would have to contact Dr BARTON,
	wouldn't I and say
DC Code A	Saying this lady I believe she's in pain when
	you give an injection, can I suggest that we put
	in a syringe driver and then it would be under
	her authority
COUCHMAN	That's it.
DC Code A	that the syringe driver
COUCHMAN	I couldn't do it on the telephone conversation
	authority, I couldn't take a telephone
DC Code A	Oh right.
COUCHMAN	um I couldn't take it over the telephone
DC Code A	No.
COUCHMAN	She would have to come and write it.
DC Code A	Yeah. Right.
DC Code A	Then obviously from there then Dr BARTON
	has said prescribes this course of treatment,
	syringe driver and these drugs
COUCHMAN	Yeah.
DC Code A	In your role you are obviously authorised then
	to administer that.
COUCHMAN	Yeah.
DC Code A	But in terms of actually prescribing it, making
	the ultimate decision to follow that course of
	treatment and to prescribe those drugs, that is
	down to Dr BARTON?

place.

	P
COUCHMAN	The procedures in place would be yes, that
	we have another manager above Philip
DC Code A	Right.
COUCHMAN	First of all we go to Philip then we would go to
	the other manager. We also have our ICN
	representative, our Union body who would
	instigate an investigation.
DC Code A	So its, basically, it's fair to say that you'd be
	aware of . people with
COUCHMAN	Basically we wouldn't give a drug if we didn't
	feel it necessary.
DC Code A	And you certainly wouldn't feel on your own
	or isolated because - you know -
COUCHMAN	No. Not at all.
DC Code A	You know of people you could go to if there
	was a problem.
COUCHMAN	You know you have a very good support
	system, yeah.
DC Code A	Yeah. During your time at the hospital, have
	you ever had sort of situations
COUCHMAN	This has never happened no
DC Code A	Situations where you've had a disagreement
	with a Doctor over a level of treatment or
COUCHMAN	No, no.
DC Code A	you've never had a problem?
COUCHMAN	No we'd always talk if we felt actually I've
	never had to, but I would.

DC Code A	No, okay. But you're aware of what you would
	do
COUCHMAN	And I wouldn't give a drug if I didn't feel it
	necessary.
DC Code A	Yeah. Okay. All right. Has there ever been
	anything in the ward where someone's had a
	particular er problem with what's been
	prescribed to a patient, that you're aware of?
COUCHMAN	No no.
DC Code A	No? Okay. All right. If we go over to the
	syringe driver now
COUCHMAN	Yeah.
DC Code A	What I would like to do is talk about the
	syringe driver and the drugs and what they do.
	If you could just explain to me what the syringe
	driver is and what it's there for. What it's job
	is.
COUCHMAN	Yeah. The syringe driver is just a means of
	administering the drug over a 24 hour period.
	Prevwell before we had syringe drivers we
	would give injections every four hours, of
	morphine or strong drugs for pain. Quite often
	it didn't last four hours we'd have to go back to
	the Doctor and say that patient's writhing in
	pain, falling out of bed, it's three hours, can we
	give another one and quite often they would
	say no. Now we can give the drug over 24

	doesn't happen these troughs and lows, they don't happen any more. People walk around with drivers, it's just it's any drug.
DC Code A	Yeah.
COUCHMAN	It's a means of delivering it.
DC Code A	Okay. So it's not just something that's set up for palliative care?
COUCHMAN	No.
DC Code A	Okay. Now the next question would be can
	you just, if you can, sum up what palliative care is in a?
COUCHMAN	Palliative care is a means of easing a patient
	who perhaps is a terminal patient and needs
	difficult to explain I would say it eased the
	last few months or whatever of their life so that
	it improved their enhanced their standards of care.
DC Code A	Right, okay. In relation to Mrs RICHARDS,
	when she was obviously put on the driver, what
	impression did you have of her health and what
	was going to happen to her.
COUCHMAN	She was very distressed and in a great deal of pain.
DC Code A	Did you feel that she was dying?
COUCHMAN	Not at that time, no.
DC Code A	When did you or did you ever come to a
	conclusion that she was dying?
COUCHMAN	Probably a couple of days before she died um

	we realised that it was probably imminent, as
	nursing staff.
DC Code A	Yeah, okay, but are you aware of what she was
	dying of?
COUCHMAN	We knew she had multiple problems. We knew
	at that time she had a haematoma which is a
	blister on her affected hip, the hip that she'd
	broken.
DC Code A	Right, a haematoma's like a bruise isn't it?
COUCHMAN	It's a blister, it's blood, it's a collection
	haema's blood and it's a collection of blood.
DC Code A	Oh, I see, okay, yeah.
COUCHMAN	So we knew that caused a lot of pain
DC Code A	Right.
COUCHMAN	and with all her other medical problems
DC Code A	So it was in
COUCHMAN	And we also thought she probably had a chest
	infection.
DC Code A	Okay, what made you think that?
COUCHMAN	Because her chest was rattling.
DC Code A	Right. Okay. Now in relation to the
	haematoma, when did, can you remember when
	that came about, I'll put the notes there if you
	want to look at them.
COUCHMAN	Well on this particular day, on this particular
	day when she arrived back from Haslar on the
	17 th , one of the daughter's mentioned that a
	Doctor at Haslar said that her Mum should go
	- B-
