Have just had a session with Jacquie. Vena cava bleed one of cases we discussed. Summary:-

1. As I understand it, GZ has decided not to amend report or get nephrologist to review case
2. Matthew is supposed to be preparing a summary report to share with Mr Lee. We suggest that Paul Gibbs be present as well to answer renal questions. I have informed Matthew that Mr Lee met Paul while he was away on leave and I suggested that he liaise with Paul to see how the meeting went and what was discussed. Presumably you or Sheena will attend meeting as well and there should be notes taken of the meeting.
3. When summary report prepared, I will send it with the initial report to the NHSLA
4. I have asked Matthew if the witnesses have prepared statements as the NHSLA may require these.

Jacque can come to the GWMH meeting on 3 Sept.

Sue, yes that is a good idea and please ask her. Also, have you discussed the Vena Cava bleed report with her yet?

Hi Patricia

Further to our recent tel con re Jacquie's future involvement, I haven't discussed it with her yet but wondered if it might be a good idea for her to come to our local meeting on 3 Sept just so that she in the loop if she does have to become involved at a later date?
