Subject: GWMH - Inquest etc

Hi Elaine

Good to be working with you again! Following Monday's meeting I can confirm the following detail. It would seem logical for me to coordinate action regarding DMOP staff (current or old) but more appropriate probably for PCT, or "lead organisation" (once decided) to liaise with old non DMOP staff)

Current DMOP Staff: (I will keep each of these informed of progress)

SN Anita Turbitt
 SN Beverly Turnbull
 SN Freda Shaw
 Dr Arumugam Ravindrane (listed as items 14 and 22 on staff list but I think it is just him - he's referred to as Dr Ravi and people sometime get confused)
 Dr Ian Reid
 Dr Jane Tandy

Ex-DMOP Staff

Dr Althea Lord - I have her email address and can either act as main contact with her or provide you with contact details, as you wish)
 Dr Jay Awardena (locum) see email from Chrissie Immins copied below.

Previous health economy staff who may need to be involved:

Ian Piper - chief exec PC PCT and finance direct PHCT (I have contact details but so will PC PCT!)
 Max Millett - chief exec Portsmouth Healthcare Trust (I have regular contact and can provide you with contact details)
 Tony Horn - CE F&G PCT + Operational Director PHCT (I have regular contact and can provide you with contact details)
 Nicky Pendleton - Divisional General Manager Medicien for Elderly at time in question (I might have old contact details)
 Dr Eileen Thomas - director of Nursing PHCT (no idea where she currently is)
 Barbara Robinson - operational manager F&G area PHCT at time of deaths & later chief nurse for DMOP (I have contact details but might be out of date)
 Bill Hooper - General Manager F&G area PHCT (I might be able to find old contact details)
 Martin Severs - Medical Director PHCT (still works for DMOP)

Subject: Dr Walter Jayawardena

Dear Lesley

Unfortunately, I don't have any contact details for Dr Jayawardena (apart from his room ext. in York House!) He was booked through the Locum Group who no longer exist but were taken over by the Reid Group. Their phone number is [Code A]. I have checked him on the GMC Website and his GMC number is [Code A]. The GMC might be able to provide contact details.

Hope this helps.

Best wishes

Chrissie
