 RE: GWMH - GMC and inquest

By way of update, I emailed the Coroner last week (he is just back from leave) to ask if he had any more details and if he really thought that the Inquests would take place this Autumn. I have not heard back from him yet. I had planned to arrange a meeting once I heard from him, but happy that you are arranging it now Lesley. I think we will need **Jacquie Haines**, Trust solicitor, to attend as well as she will be advising us and she or one of her colleagues may be representing us at the Inquests, if the families are legally represented. Also may be helpful if **Elaine Williams** attends as she handled the cases when they were the subject of Police investigation. She has all the files on the cases I believe.

Dear all

You will not be surprised to hear that in DMOP we are anxious to make sure that all staff who will be affected by the GMC hearing and the inquest have the appropriate support from us all. We also need to be ready to face any media enquiries

Ann, Kim and I would like to invite you to an initial meeting, where we can agree a small core steering group and an outline action plan.

**Pat can you please set up a meeting, within the next few weeks fro everyone named above in to and cc + plus me.** Once you have the date please put a copy of this email in my B/F for the week before with a reminder to draft an agenda.

Thanks All

Best wishes

*Lesley*
