Hi Kim,

I have spoken to Ravi, Jane and Bob's wife who will pass on the info. I can't get hold of Ian (I think he is in transit and has his mobile turned off) but will keep trying. At some point we will need to lisise with the coroner regarding dates. There is going to be a GMC hearing in the autumn which some staff may be called to to give evidence. They won't be able to be in two places at once. Also if the coroners inquest is going to take several weeks we will need to find out if all staff will need to be available for the duration as that will have a serious impact in terms of cover

BW
Ann
