As promised, please find attached the CHI recommendations update for PHT. Graeme I am sure you would want to review our feedback before it goes to [Code A] at the SHA.

Peter, you may be aware from [Code A] email today that the SHA accepts it is unlikely that the Board will have an opportunity to approve this document and ask instead for other assurance purposes – we need to discuss that.

I still await feedback from [Code A] re stroke care and we need to include a couple more documents, which [Code A] will do.

Regards

Ps [Code A] can you get Boo to email his new draft medicines management governance structure which I indicate is currently out for consultation. You will also ask Lesley for the updated Terms of Reference for the Audit Committee.

Regards

P
