**Subject:** UNEXPECTED DEATH  
For info:

I am currently looking into an unexpected death on 24 Jan 02. I have asked all those involved for their statements and to date have received 2 of the 6 requested. I have reviewed the medical records and have some concerns which I am currently following up. The consultant, Mr Jeffrey, is on leave I believe but should be at RHH on Mon 4 Feb 02.

For further details I can be contacted on Haslar 2645.

Sheena perhaps we can discuss.
