There has been more time allocated for CHI at HMT wednesday. Can you do the same presentation as you did this am. Hopefully I will have finished the briefing after the weekend so that I can take that to HMT and handout. [Code A] I know that you both have already been round several times the various teams. It would appear that the info re chi and governanec you are delivering is not always getting sent on. In my view given the timescales it is best to focus now on supporting the chosen clinical teams. We will continue as we have domne with teh ongoing briefings etc. [Code A] what about Marks suggestion about putting on presentations over and above all the effort that has already gone in. I know [Code A] is finding it difficult enough to get the three clinical teams together. With regards to Renal, that is clearly the area of most concern. There is a lot of work and input that will be required from us there alone. [Code A] Can we get to renal asap in light of yeste
