Dear Peter and Graeme

Further to our recent discussion on this matter and following another request from Mary Deeks which followed a request from **Code A** have clarified directly with **Code A** that we still have time to put before the Board the above paper for their approval/endorsement – this can then be recorded by **Code A**

Can I ask, therefore that the above paper (attached) is provided for information with brief explanatory support statement from Graeme and for which their endorsement is sought for SHA assurance purposes.

Regards  
Patricia
