Code A

Have found some possibly relevant bits in enclosed minutes. Have also found some meeting notes and correspondence in a file and have hard copies for you. I can drop them over later when I come your way - whereabouts in the Education Centre are you?

000201ICC.doc

000516ICC.doc

010523ICC.doc

Sarah Balchin was the Senior Nurse in IC at this time - it might be worth asking her if she remembers what happened?

Regards

Could you look back in the minutes and see when Haslar people started attending meetings? It would have been around 2000/2001. No definite deadline, but need as soon as you can.

Thanks

Sue

Hi Sue

Do you have a deadline for this info?

Off the top of my head I don't know the answer. I've been here 3 years and have never known RHH ICC to be a sub-group of PHT's ICC - that is I've never been aware of *any* sub-group reporting up to our ICC.

I'm aware there used to be an RHH ICC but don't know when it stopped meeting.

Regards

Subject: Haslar C of I

Hi Code A

I wonder if you can help me. Can you tell me when the Haslar C of I committee became a sub-group of this Trust's Control of Infection Committee? You may be able to tell from the minutes of meetings I suppose. If there is a minute about it, could I have a copy please.

Thanks for your help.
