Don't you want HES data and local hospital /Health area data? That all belongs to the Secretary of State for Health and not ONS. His medical advisor is CMO!

This looks really unhelpful. Any thoughts?

Sorry - your application needs to be considered by the PIAG and there is no chance of being able to get them together before 5 December. Unfortunately you have just missed their last meeting (it was on Monday).

I can only suggest that you request ONS to provide you with the data you have requested pending the outcome of your Section 60 application.

However, I suspect that they will insist you obtain Section 60 support first.

Apologies that I cannot be more helpful.
