Professor Baker

Sorry - your application needs to be considered by the PIAG and there is no chance of being able to get them together before 5 December. Unfortunately you have just missed their last meeting (it was on Monday).

I can only suggest that you request ONS to provide you with the data you have requested pending the outcome of your Section 60 application. However, I suspect that they will insist you obtain Section 60 support first.

Apologies that I cannot be more helpful.

sean.
