Prof Baker

Thank you for your reply. The records will be delivered to you shortly. Its my fault but I was waiting a response from you as to where best to send them.

Regards

D/Insp Dave Grocott

Dear Mr Grocott

Thank you for the correspondence. Your letter mentioned that you would send me a copy of the relevant medical records. I have delayed preparing a report until the records arrive, but it may be that you would prefer me to work from the information I have. Please let me know whether you would like me to prepare a report, or whether to await the arrival of the records.

Thanks

Richard Baker

Dear Professor Baker,

Can I introduce myself, I'm Detective Inspector Dave Grocott from the Op Rochester Major Crime Team. I've been asked by the Senior Investigating Officer D/Supt Williams to review your report in relation to Mr Wilson & Cunningham. My responsibility amongst others is the appointment, coordination and review of the experts within this investigation. I ensure that the audit trails in relation to evidence are secure and that the experts adopt a similar format when compiling their reports.

Having reviewed your latest report there are some areas of clarification that I would ask you to consider. Attached to this email is a formal letter of introduction together with a briefing document that I supply to all experts and a template that I ask all experts to try and use.

Could I ask you to address the issues in the letter please. If there is anything I can do to assist or clarify please don't hesitate to contact either myself or Anthony Tenison

Thankyou

Dave Grocott

D/Insp

Dear Mr Tension

Here is a report. I hope it addresses the points raised by Counsel, but please let me know if my comments are not clear.

Good Morning,

It is in fact Robert Cauldwell Wilson, I am away working on another job but if you require further help please e-mail me and I will ring you directly.

Anthony Tenison

Dear Mr Tension

Can you tell me which Wilson you are referring to? I have 10 Wilson patients recorded, and need more information to identify which one is of interest.

The Cunningham I have identified is Arthur Cunningham, who died 26 September 1998. I hope this is the right person.

Dear Professor Baker,

I wonder if in the first instance you would be able to mark your report as a "draft." This will allow us and Counsel to digest and discuss with you its contents at a later stage. I am as always very grateful for your time in what I have no doubt is an extremely busy schedule.

Kind regards

Anthony

Dear Mr Tension

Thanks for your message. I will need to go back to my report and give careful thought to the question you have raised. It should be possible to complete this before the end of November as you request, and I will forward a response directly to you. Please do contact me if there is any delay.

All the best

Richard Baker

Dear Professor Baker,

You may recall we have met previously with regard to Operation Rochester and the enquiries being conducted by Hampshire Police at the Gosport War Memorial Hospital. A file has now been passed to the CPS and is being reviewed by Treasury

Counsel. They have asked if you are able to expand upon the comment in your statement that the patients might have recovered had they not been given opiates. Of particular note are the cases of CUNNINGHAM and WILSON and to ascertain if your comments extend to these particular patients.

I fully appreciate that this will take some time for you to review and whether or not you are able make comment as asked. I would be grateful if you would have time to consider these matters by the end of November. Of course please feel free to contact me or DS Roy Stephenson at any time.

I trust life is treating you well,

Kind regards

Anthony Tenison
