Subject: Draft report on latest GPT analyses

Richard:

Draft attached as promised. <<GPT certs and hols DRJ 230503.doc>>

I'll be around (though variously busy) on Wed 28 May, Thurs 29 and Fri 30, as well as Mon 2 June if you want to discuss this analysis, or your report draft. After that I'll be away from 3 June - 13 June inclusive (and in London for part of 16 June), which is getting a bit close to your meeting with the CMO.

Regards

David J
