Subject: Template - GWMH

Dear Catherine and Justina

I hope the template that I attached to my last email did not mean that you felt you had to start the work all over again? I would not want you to spend precious time transferring work from one format to another, so if that is the case, ignore the template and continue with what you are doing – as long as it does the job.

I would be grateful for reassurance that you will meet the deadlines.

Regards
