Response to Recommendations of CHI Report dated July 2002 - Hampshire Primary Care Trust

	Response to Recommendations of CHI Report dated July 2002 - Hampshire Primary Care Trust		
			Board reports/minutes to
	Recommendation	Narrative	support
should leader order Gospo appro that a	ereham and Gosport PCT and East Hampshire PCT work together to build on the many positive aspects of ship developed by Portsmouth Healthcare NHS Trust in develop the provision of care for older people at the performance Hospital. The PCTs should ensure an oriate performance monitoring tool is in place to ensure my quality of care and performance shortfalls are identified didressed swiftly		F&G Trust Board report (Pt 1) 27 Nov. 2002. F&G Trust Board (Pt 1) 26 March 2003. Notes of GWMH CHI Implemenataion Group 2002 - 2005 (including monitoring reports) . F&G Clinical governance Committee minutes 30 January 2004.
The F	areham and Gosport PCT and East Hampshire PCT I, in consultation with local GPs, review the admission I for Sultan ward.		Notes from Sultan Ward Steering Group, 1/10/08. Sultan ward business case May 2008. Admission criteria Dec 06. Admission and discharge protocol. Ambulance admission criteria for Sultan Ward. Service spec for Sultan Ward. Minutes of APAC for SE Hants 21/05/08 and 18/06/08

The East Hampshire PCT and Fareham and Gosport PCT should review all local prescribing guidelines to ensure their appropriateness for the current levels of dependency of the patients on the wards.	Hampshire PCT Trust Board minutes, Paper PCT08/036. Policy for the Control, Prescribing, Supply & Administration of Medicines.
The Fareham and Gosport PCT should review the provision of pharmacy services to Dryad, Daedalus and Sultan wards, taking into account the change in case mix and use of these wards in recent years. Consideration should be given to including pharmacy input into regular ward rounds.	Hampshire PCT Trust Board minutes, Paper PCT08/036. Policy for the Control, Prescribing, Supply & Administration of Medicines.
As a priority, the Fareham and Gosport PCT must ensure that a system is in place to routinely review and monitor prescribing of all medicines on wards caring for older people. This should include a review of recent diamorphine prescribing on Sultan ward. Consideration must be given to the adequacy of IT support available to facilitate this.	Hampshire PCT Trust Board minutes, Paper PCT08/036. Policy for the Control, Prescribing, Supply & Administration of Medicines.
The Fareham and Gosport PCT and East Hampshire PCT, in conjunction with the pharmacy department, must ensure that all relevant staff including GPs are trained in the prescription, administration, review and recording of medicines for older people.	Hampshire PCT Trust Board minutes, Paper PCT08/036. Policy for the Control, Prescribing, Supply & Administration of Medicines.

	F&G PCT Truat
	Board minutes 26 March 2003,
	Complaints Policy
All patient complaints and comments, both informal and formal, should be used at ward level to improve patient care. The	approved.Hampshire
Fareham and Gosport PCT and East Hampshire PCT must	PCT Trust Board
ensure a mechanism is in place to ensure that shared learning	minutes, Paper PCT08/036Complaint
7 is disseminated amongst all staff caring for older people.	s Policy approved.
Fareham and Gosport PCT should lead an initiative to ensure	, , , , , , , , , , , , , , , , , , , ,
that relevant staff are appropriately trained to undertake swallowing assessments to ensure that there are no delays out	
8 of hours.	PHT
Daytime activities for patients should be increased. The role of	
the activities coordinator should be revised and clarified, with	
input from patients, relatives and all therapists in order that 9 activities complement therapy goals.	DUT
	PHT
F&G PCT must ensure that all local continence management,	
nutrition and hydration practices are in line with the national 10 standards set out in the Essence of Care Guidelines.	
To Standards Set out in the Essence of Care Guidelines.	PHT
Both PCTs must find ways to continue the staff communication	
11 developments made by the Portsmouth Healthcare NHS Trust.	PHT?
Within the framework of the new PALS, PCTs should, as a priority, consult with user groups and consider reviewing	
specialist advice from national support and patient groups, to	
determine the best way to improve communication with older	
12 patients and their relatives and carers.	
The provision of out of hours medical cover to Daedalus, Dryad	
and Sultan wards should be reviewed. The deputising service	
and PCTs must work towards an out of hours contract which	
sets out a shared philosophy of care, waiting time standards,	
13 adequate payment and a disciplinary framework.	

The Fareham and Gosport PCT and East Hampshire PCT should ensure that appropriate patients are being admitted to the Gosport War Memorial Hospital with appropriate levels of support. Fareham and Gosport PCT should ensure that arrangements are in place to ensure strong, long term nursing leadership on all wards. The Fareham and Gosport PCT should develop local guidance for GPs working as clinical assistants. This should address supervision and appraisal arrangements, clinical governance responsibilities and training needs. Fareham and Gosport PCT and East Hampshire PCT should ensure that the learning and monitoring of actions arising from complaints undertaken through the Portsmouth Healthcare NHS Trust quarterly divisional performance management system is maintained under the new PCT management arrangements. Both PCTs involved in the provision of care for older people should ensure that all staff working on Dryad, Daedalus and Sultan wards who have not attended customer care and complaints training events do so. Any new training programmes should be developed with patients, relatives and staff to ensure that current concerns and the particular needs of the heaven are addressed.
