

File Note GWMH Deaths

Telecon with Dr Rose Luszkat on 10.7.08

Works at Winchesters on Thursdays on Code A

RL saw small number of patients for 2nd opinion purposes. Gave statements about the patients she saw. Very peripheral involvement.

Elsie Devine – seen by one of her colleagues but did not think it was her.

Robert Wilson – saw him in the QA before he came to Gosport.

HPT had to retain the names of the wards – Dryad and Daedalus: Hampshire PCT insisted on that.

Her contact details:

Code A

Happy for her name to be known to the other doctors, ie can do an email to all if nec.
