

File Note GWMH Deaths

Telecon with Dr Joanna Taylor on 14.7.08

VB and RL were asked to see patients in their professional capacity whilst the patients were on the Elderly Care ward. Only one patient had any follow-up.

JT saw one patient twice and has provided a statement to the police about that.

GMC got involved. Asked her earlier to review her statement which she did.

Her involvement was around the 3rd police investigation 5 years ago and the more recent GMC hearing.
