

### THE FAREHAM AND GOSPORT TWILIGHT NURSING SERVICE

The Fareham and Gosport Twilight Nursing Service offers skilled nursing care to people in their homes or in residential care, and support to their carers and families.

The Team is based at St Christopher's Hospital in Fareham.

We cover the boroughs of Fareham and Gosport from 5pm to 12midnight each night, including weekends and bank holidays.

To call the Twilight District Nursing Service, telephone

**0374 975393**

between 5pm and 11.30pm

This is a mobile telephone number and will put you in direct contact with the duty Twilight District Nurse.

If you need regular visits from the Twilight Nurses, the District Nurse attached to your Doctor's surgery will contact us.

If you have a nursing problem, or need advice, please call.

Each Twilight District Nurse will be accompanied by an experienced Health Care Support Worker during the hours of darkness.

It would be helpful if, when expecting a Twilight visit, that the house number is clearly visible, and a hall or porch light is left on.

Whilst we make every endeavour to call at a time convenient to you, there may be occasions when we are delayed by circumstances beyond our control. Should this happen, we will telephone you if at all possible, to warn you of a delay.
