Travelling Fellowships 1989/90

As in previous years, money is to be made available from Trust Funds to finance some travelling fellowships. The purpose of this memorandum is to ask you to inform your staff of this opportunity and I have attached a supply of application forms.

The basic criteria for any application is that the project should be of benefit to either this District or the National Health Service generally. Completed application forms have to be accompanied by essays of approximately 1000 words in support of the project and should be sent to Mr. Burrows, Assistant Treasurer (Financial Accounting) by the 30th September, 1989. The various applications will then be examined and a decision made by the District Health Authority in November, 1989 as to which applications will be supported.

As this opportunity is open to all members of staff, I should be grateful if you would ensure that <u>all</u> your staff are aware of it. Any queries you, or they may have, should be addressed to either the Assistant Treasurer (Financial Accounting) or the District Personnel Manager.

Thank you for your help in this matter.
